Vice-Chancellor's Message

Dear Student,

السلام عليكم

Allama Iqbal Open University (AIOU) is one of the mega universities of the world and it occupies a unique position in the education sector of Pakistan. Because of its affordability and high quality of a distance and online academic programs, AIOU has now turned into the most favourite university of the country with high international repute. The university made a landmark progress by ensuring access to quality education rural areas under-privileged students for the people of all ages particularly the females can now select and join the programs of their choice, while sitting at their residences and along with continuing their jobs. After assessing the success of many degree programs in Pakistan, AIOU is now going to offer a range of programs for the students in UAE, Saudi Arabia, Kuwait, Qatar, Bahrain, Oman, USA and many other countries currently. More than 1.3 million students are getting benefits from the high quality educational services of AIOU in all regions of the country through more than fifty regional offices of the university. It offers/suggests many undergraduate and Postgraduate programs at rural and remote areas providing a paralleled opportunity to all the poor and deprived segments of the society at an affordable cost. The university has recently digitalized all its student-support services for facilitating its students on priority basis. This digitization of the system, it is hoped, will enable AIOU students to get all kinds of educational programmes using their Learning Management System (LMS) Aaghi portal support online.

Committed to your bright future.

Prof. Dr. Nasir Mahmood
Vice Chancellor

REVISED POLICY FOR ASSESSMENT

As per revised formula securing passing marks in assignments/practical and other components is not compulsory w.e.f. Spring, 2023 onwards, however, passing marks i.e. 40% in final exams will be mandatory. If a student gets 40 marks out of 100 in the final exams and does not score 50% aggregate marks, he/she will be declared Fail in the respective course and he/she will have to re-register/re-admit in the respective course, whenever said course (s) are offered in any of the subsequent semester (s).

Assignments (weightage)	Workshop Quizzes, etc. (weightage)	Final Exam (weightage)	Passing Marks
30%		70%	40% (in aggregate) however 40% marks in final exams is mandatory

There is no change in formula for Teaching Practice 1 & 2, Research Projects, Long Term Internship and such courses where grading formula/scheme of studies is different and workshops/projects are having weightage of marks, students will have clear/pass them too.

Revised Policy: Reappear and Again Reappear

The chance of Re-appear and again Re-appear will be given if a student gets less than 40 marks in final exam.

ALLAMA IQBAL OPEN UNIVERSITY

Allama Iqbal Open University, a mega university was established in 1974 under an Act of Parliament. The main campus of the university is situated in sector H-8, Islamabad. It was the second open university of the world and the first of its kind in Asia and Africa. The aim of establishing AIOU was to provide affordable and accessible education through distance learning at the door-steps to those people who could not continue their education journey through formal system of education. The University (AIOU) operates on semester system and admits students in Autumn and Spring semesters. Under graduate admissions are offered in both the semesters where-as post graduates are offered once a year. The enrolled students are given course books specially prepared by the university on self-instructional principles. However, at post graduate level reprints of foreign books alongwith allied material and university prepared study guides help students to polish their skills.

At present, the AIOU is offering programmes from Matric to PhD level in diverse disciplines comprised of four faculties. The university has established study centres across the country where distance education students are provided necessary guidance by their respective tutors. Moreover, the university has established full-time study centres wherein the students of MBA (IT), MBA (Banking and Finance), MBA (Marketing), MBA (HRM), BS (CS), MSc/BS Chemistry, MSc/BS Microbiology etc. are being provided instruction, guidance and counselling through face-to-face education. AIOU is also offering four years under-graduate degrees.

Apart from curricular and extra-curricular activities during the academic year, the AIOU and its regional centres actively participate in the co-curricular activities by arranging educational and literary seminars, workshops and conferences, attended not only by the students and faculties of the university but also by the renowned dignitaries and scholars. For the science students and the research scholars, a science complex has been built where they use the latest equipment of international standard for experiments and research. To meet the present day challenges, internet facility is also available in the student hostel and the Central Library where computers have been provided to enable students to access latest information available through open source databases.

FACULTY OF SOCIAL SCIENCES AND HUMANITIES

First established in 1981 with five departments, the Faculty of Social Sciences and Humanities has, over the years, flourished to become, by far, the largest Faculty of the University. It, today, consists of 14 departments offering masters programmes in major areas of Social Sciences and Humanities like, Business Administration, Economics, Mass Communication, Sociology, Urdu, Library & Information Sciences, History, Pakistan Studies and Teaching of English as a foreign Language (TEFL). Additionally, efforts are afoot to plan and launch post-graduate programmes in Pakistani Languages and Law.

The Commonwealth-collaborated master's programmes in the areas of Business and Public Administration, which are specially

tailored for the modern day busy executives, were launched in Spring 2002 semester.

In tune with the government's policy of promoting and strengthening a culture of higher education and research in the country, the AIOU's Faculty of Social Sciences and Humanities has shown a lot of dynamism over the past few years. It has launched MPhil/PhD programmes in Iqbaliat, Urdu and Mass Communication and History while preparations are being made to launch MPhil Business Administration, Applied Linguistics.

The Faculty of Social Sciences & Humanities also offers several bachelors' level programmes in such professional areas like Bachelors in Library & Information Sciences (BLIS), BS-Business Administration, BS-Commerce and Mass communication. Tens of thousands of students comprising all demographic groups and, from all over the country, enroll, each year, in these bachelor's level programmes.

The Faculty has expanded vitally and its programmes have gained a high popularity as is clear from rapidly rising trend of enrolment during the past decade. During the period under report, the Faculty accorded high priority towards quality improvements and to modify its programmes in accordance with the current challenges of 21st century.

The Faculty proposed to launch Post-Graduate programmes in the disciplines of Political Science and International Relations, Psychology, Public Administration and Social Work

DEPARTMENT OF LIBRARY AND INFORMATION SCIENCES

The Department of Library and Information Sciences was established in 1985 within the Faculty of Social Sciences and Humanities. The department is providing Library and Information Sciences education through distance learning system. Since its establishment the department has been contributing a lot to meet the professional requirements of the existing libraries and training skilled manpower all over the country in accordance with the emerging needs. The department is offering degree, bachelor and certificate levels programmes in library and information sciences through distance learning system.

Presently the Department offers three programmes i.e. Certificate in Librarianship, B.A (Library and Information Sciences) and Master of Library and Information Sciences (MLIS). The certificate and B.A programmes particularly relate to the jobs of paraprofessionals to assist the professional librarians.

Objectives

The main objective of these programmes is to produce highly skilled professional and paraprofessional human resources to serve the libraries of different organizations and diffusion of knowledge.

FACULTY OF EDUCATION

The origin of the Faculty of Education pre-dates the university itself. The National Institute of Education was established in 1973 under the Federal Ministry of Education. It became part of the university in June, 1975 as Institute of Education in the Faculty of Social Sciences. The progressively extending functions of the Institute brought the needs for structural change, and in 1984 it got the status of Faculty of Education.

DIPLOMA IN LITERACY AND NON-FORMAL EDUCATION

(Programme Code: 1073)

Introduction:

Pakistan is among countries far from achieving EFA and MDGs especially literacy target. There are millions of illiterate populations in Pakistan along with 23 million out of school children. Several initiatives in literacy have been launched by the Government of Pakistan and development sector organizations and they have their own training programs to train the teachers to depart NFE. However, there was a non-availability of any certified training course when it comes to NFE teacher education.

Allama Iqbal Open University (AIOU) is the premier University to provide part-time educational facilities through correspondence courses, tutorials, seminars, workshops,

laboratories, television, radio broadcasts and other mass communication media. University having a Distance, Non-Formal and Continuing Education Department. Keeping in view the above situation the University took this important initiative to develop certified training courses for Non-Formal Education teachers. In 2018 with the collaboration of UNESCO Pakistan, DNF&CE department of AIOU has developed and launched the teacher training certificate program in Literacy and Non-formal education.

The field of non-formal education is rapidly evolving, and its impact on individuals and communities is becoming increasingly recognized. Educational leaders play a critical role in shaping the direction and success of non-formal education programs, whether they are focused on literacy, personal development, or career advancement.

As the demand for non-formal education programs grows, so does the need for skilled and visionary leaders, competent teachers and expert facilitators who can navigate complex challenges, adapt to changing environments, and promote innovation and creativity. They must possess a deep understanding of the unique needs and characteristics of non-formal education, as well as the ability to develop effective strategies, mobilize resources, and build partnerships to achieve their goals.

This requires a combination of academic knowledge, practical experience, and strong leadership skills, including communication, collaboration, and problem-solving. Educational leaders must also be committed to equity, diversity, and inclusion, and work to ensure that non-formal education programs are accessible and effective for all learners. In this regard

DNF&CE department is offering diploma in Literacy and Non-Formal Education.

Programme Goals:

The Diploma in Literacy and Non-Formal Education aims to provide students with the knowledge and skills necessary to work in the field and equipped to make a positive contribution to the promotion of literacy and non-formal education in their communities and beyond. The program has the following objectives:

1. To provide an understanding of the concept of literacy and non-formal education and their importance in promoting social and economic development.
2. To equip learners with the skills necessary to design, implement and evaluate literacy and non-formal education programs.
3. To develop learners' ability to critically analyze literacy and non-formal education policies, programs, and practices.
4. To develop skills in conducting research in the field of literacy and non-formal education.
5. To promote the use of technology in the delivery of literacy and non-formal education programs.

6. To develop the ability to collaborate effectively with individuals and communities to promote literacy and non-formal education.
7. To promote the importance of lifelong learning and the role of literacy and non-formal education in facilitating it.
8. To provide opportunities for practical experience in the field of literacy and non-formal education through internships and field visits.

FACULTY OF SCIENCES

The Faculty of Sciences forms an integral part of the university. Since its establishment in 1982 with five teaching departments, it has undergone major development changes. It now comprises nine teaching and research departments which are offering courses at the undergraduate and postgraduate levels to more than ten thousand students. The faculty operates under the basic guidelines of the University Act and on an “Education for All as Convenient” basis so that maximum students get benefit from its academic programs and educational facilities. This principle has necessitated some structural changes in the non-formal mode, particularly at the postgraduate level, in the offering of theory courses and practical lab work. This conceptual adjustment has been quite successful, and many in-service students are benefiting from postgraduate study programs. Improvement in qualifications for a better life is a right of everyone and the faculty’s programs meet this challenge by offering opportunities to all. A significant number of beneficiaries are those who cannot afford education in formal institutions due to a variety of reasons.

All the departments (Agricultural Sciences, Biology, Environmental Sciences, Chemistry, Nutritional Sciences and Environmental Design, Computer Science, Physics, Mathematics, Statistics & Engineering & Technology) of The Faculty of Sciences are running a variety of postgraduate technical, scientific, and professional programs successfully.

The departments are equipped with computer labs for practical work, teaching, research, and instrumentation labs for analysis. The University is developing these labs through its resources. The Faculty of Sciences is thankful to the Vice-Chancellor for giving personal attention to the development of the Faculty of Sciences by providing generous amounts of funds and valuable guidance.

Around 80 highly qualified full-time faculty members are in the role of the Faculty of Sciences. Their role in the planning, designing and development of different courses, to meet students’ needs, is vital. Faculty members also engage in imparting and supervising instructions so that high standards are maintained. In addition, highly qualified and experienced Professors are also engaged on the contract or as part-time instructors, for postgraduate study programs. The University faculty is also offering academic positions under the tenure track system to attract the best minds in scientific and technological fields, as a full-time employee of the university.

Research is an integral part of postgraduate study programs MPhil and Ph.D. degrees in Agricultural Sciences, Chemistry, Computer Sciences, Biology (Microbiology and Molecular Genetics), Environmental Sciences, Nutritional Sciences and Environmental Design, Mathematics, Statistics and Physics. Rules and regulations for governing postgraduate study programs are those approved by the Higher Education Commission (HEC).
